Remembering the Life of a Soldier - WWI 1914 - 1919

Concept:

Consequence

What I will learn

Soldiers signed up for war and some of the men had to lie about their age.

Soldiers wore an army uniform and carried a rifle with them.

The soldiers lived in trenches which were terrible places to stay.

Lots of soldiers became very sick from staying in the trenches for too long.

There were many battles during WWI and lots of soldiers died.

Poppies grew on the battle fields after the war had ended and we still wear the poppy today to remember the soldiers who died.

What I already know

I know The Great Fire of London happened a long time ago in 1666.

I know that the Great Fire of London was very significant.

I was able to order events in the correct time order (chronological order).

What is Armistice Day?

Armistice Day is on 11 November and is also known as Remembrance Day.

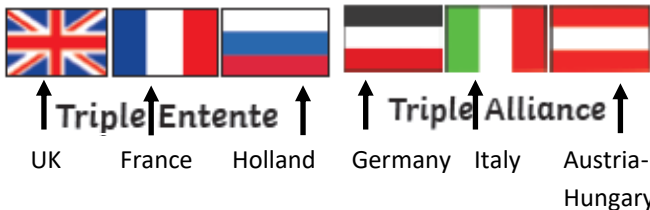

It marks the day World War One ended, at 11am on the 11th day of the 11th month, in 1918.

A two-minute silence is held at 11am to remember the people who have died in wars.

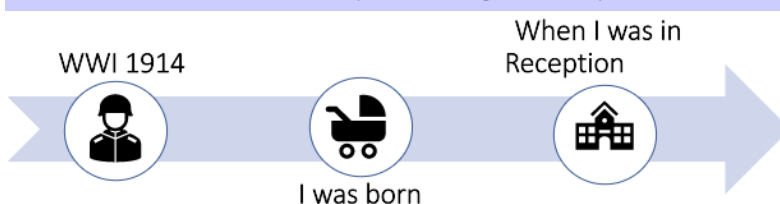

There is also Remembrance Sunday every year, which falls on the second Sunday in November.
